

HUSKER VINYL FENCING WORKSHEET

www.HuskerVinyl.com

1. Select your desired fencing style, color, height and width (either 6' or 8').
2. If a gate is desired, select style, color, height and width (either 3', 4' or 8').
3. Select your desired fence post cap style and color.
4. Measure area you wish to enclose as well as gate location.
5. Draw a layout to determine the number of fence panels, posts & gates you will need.

NOTE: If needed, fencing can be shortened such as cutting a 6' length down to 5'.

6. Based on your layout, enter the number of your needs below:
