HUSKER VINYL PORCH/DECK RAILING WORKSHEET

www.HuskerVinyl.com

- 1. Select your desired railing style, color, height and width.
- 2. Select your desired railing post cap style and color.
- 3. Measure area you wish to enclose.
- 4. Draw a layout to determine the number of railing panels and posts you will need.

NOTE: If needed, railing can be shortened such as cutting a 6' length down to 5'.

5. Based on your layout, enter the number of your needs below:
